

Making Orff Work for Your Classroom

CTO Chapter Share

January 26, 2019 | Registration begins @ 8:30 am | 9 am- 1 pm |
Trinity University Band Hall (LA 110)

Join us as we showcase various lessons demonstrated in Orff style while incorporating the day to day curriculum of your campus. See how to utilize materials and manipulatives that encourage literacy, composition, and improvisation while also offering extensions, modifications, and adaptations to lessons to differentiate for the broad spectrum of students that you encounter in your classroom each day.

Full lessons and visuals will be made available for purchase along with other manipulatives and materials at our CTO boutique. Single lessons for \$5 or the entire day's lessons for \$20. Visuals will include PowerPoint, Pdf, ActiveInspire and SMARTNotebook formats.

Is your district a CTO sponsor? Make sure and use your district covered workshops. Not sure if you are covered?
